

**German  
International  
School**

## **Infusion Kindergarten Daily Schedule**

### **Morning Circle (English)**

Students start their day with greetings, introduction to themes and topics.

### **Small Group Time (English & German)**

Students work in rotating learning areas, i.e., Logical Thinking, Reading and Writing, and Math. One of these areas will be in German.

### **Free Play**

Children explore in the art, dramatic play, reading corner, games, puzzles and scientific inquiry areas.

### **Outdoor Exploration**

This time focuses on gross motor activities, language learning, fostering social interactions and personal growth.

### **Additional Core Programming (English & German)**

Our special weekly classes include: Second Step (English), Physical Education (English), Art (German), Science (English), and Music (English).

### **Lunch (English)**

Lunch presents children another opportunity to practice and improve language and social skills while eating a nutritious lunch.

### **Second Outdoor Exploration**

Fresh air, exercise, and social interactions.

### **Afternoon Circle (German)**

This is our German circle time and a tool for building social awareness, communication skills, and a sense of connectedness among peers.

### **Quiet Time**

This time encourages the children to calm their minds and bodies in order to process all they have learned and experienced.

### **Closing Circle (English)**

Just as we started the day as a group, we end each day as a group. During this time we revisit items from our themes, letters, phonetics, reading, and vocabulary.
